DR.J^{AI}

We empower those healing the world.

Dr. J Master Series

Innovative Technology Empowering Women's Health

Transforming clinical treatment through technology.

ABOUT US

Dr. J Master is developed by a **global team of biomedical experts and AI talent engineers.**

Our proprietary Ultra-Elec IO™ therapeutic engine delivers precisely controlled energy for effective, science-based care.

Clinically validated in leading hospitals and trusted by wellness centers worldwide, the system combines medical-grade performance with intelligent design.

In collaboration with partners such as NVIDIA and Intel, we continue to advance the future of non-invasive therapeutic technology.

“ We believe that medical technology should care for women’s well-being in every stage of life. Dr. J Master embodies that belief — from treatment to recovery.”

— Dr. Zhou, Zhenzhong(Joe), Founder & CEO

PRODUCT INTRODUCTION

Precision Multi-Layer Therapy
The Complete Smart Care Solution

Low-Frequency Electrical Stimulation
For Targeted Pain Relief and Muscle Activation

Pulsed Ultrasound
for Inflammation Reduction and Nodule Softening

Synergistic "Ultra-Electric" Therapy
for Enhanced Deep Tissue Repair and Active Delivery

Master100 (Portable)

- AI-powered "Ultra-Electric" technology.
- Portable, compact, and designed for on-the-go Care.

Master100

- Professional AI therapy platform.
- High performance features and practical design.

Master100H

- Flagship system for premium health centers.
- Elevating service quality and brand prestige.

Heated E-Stim Pads

General & Breast-Specific E-Stim Pads

Dynamic Probe

Fixing Gel

Fixing Sleeve

Coupling Gel

Static Probe

UNIQUE

ADVANTAGES

Dr. J Master: AI-Powered “Ultra-Electric” Energy Platform

An Integrated AI System for Comprehensive Breast Wellness.

Mechanical Effect — Deep Precision Penetration

1 MHz focused ultrasound delivers precise, uniform energy to deep into tissue layers, achieving results beyond traditional heat therapies.

Experience targeted energy delivery for effective deep-tissue activation and repair.

Thermal Effect — Smart Temperature Control

AI-driven temperature control intelligently balances thermal and non-thermal effects, ensuring personalized comfort and optimized treatment efficiency.

Smart care that adapts to every individual.

Physicochemical Effect — Targeted Softening & Detoxification

Synergistic “Ultra-Electric” stimulation enhances cellular vitality and pH balance, promoting the softening of dense tissue, dissolving blockages, and relieving discomfort.

Restoring natural balance from within.

Resonance Effect — Enhanced Circulation & Drainage

Gentle pulsed resonance promotes natural circulation and lymphatic drainage, improving overall breast wellness.

Reactivating the body’s natural rhythm for smoother, healthier flow.

CORE TECH →

INNOVATIVE

How It Works: The "1+1 > 2" Effect

Dr. J Master integrates ultrasound and electrical stimulation into one synchronized system, achieving a **synergistic** effect for **deeper healing and rapid pain relief**.

One Transmission, Dual Action

This synchronized transmission delivers two powerful actions at the same time:

- ◆ **Deep Healing:** Ultrasound penetrates deep to accelerate tissue repair.
- ◆ **Instant Relief:** E-Stim provides instant surface relief and relaxation.

E-Stim Energy
Surface action for pain relief

Ultrasound Energy
Deep penetration for tissue repair

Dual-Energy Treatment Probe

AI-Guided 3-Step Precision Care

From Smart Targeting to Focused Repair

1

AI Precision Targeting

Beyond Manual Palpation. Every personalized care program begins with a **Dr. J AI Breast Health Assessment Report**. This data-driven "GPS" pinpoints areas of concern with medical-grade precision, **providing a solid scientific foundation for safer and more effective targeted care.**

2

Dynamic Targeted Care

Broad coverage, deep activation. Guided by AI mapping, the **Ultra-Electric Energy System** moves dynamically around the targeted zones, activating deep tissue layers, **improving circulation, and stimulating the body's natural healing response.**

3

Targeted Static Care

Focus core areas, maximize efficacy. After dynamic activation, **adhesive E-Stim pads** deliver sustained, concentrated energy to the core areas, reinforcing repair and **maximizing therapeutic outcomes** — from clinical recovery to daily wellness care.

APPLICATION ADVANTAGES
TANGIBLE BENEFITS

1 **Ultra-Electric Therapy**

Softens blockages and promotes smooth milk flow.

2 **Pain-Free Synergy**

Combines ultrasound and manual care for zero-pain treatment.

3 **Efficiency Revolution**

Cuts treatment time by nearly half.

4 **Mutual Benefits**

Improves patient comfort and reduces practitioner workload.

5 **Smart Integration**

An integrated solution setting a new breast care standard.

AI Breast Care Program

- Lactation Support:** Stimulates natural milk production and promotes healthy flow.
- Duct Clearing & Relief:** Gently unblocks milk ducts and alleviates related pain.
- Lactation Suppression:** Enables a comfortable, gradual reduction of milk supply.
- Wellness & Conditioning:** Helps relieve discomfort from benign breast conditions such as mastitis.
- Postpartum Firming & Toning:** Improves tissue tone and elasticity after childbirth.
- Aesthetic Enhancement :** Refines skin texture and reduces pigmentation for a more balanced appearance.

APPLICATION SCENARIOS

Where Dr. J Master Makes a Difference

Clinics & Medical Centers

Professional use in outpatient and specialty care for breast health and wellness.

Aesthetic & Wellness Centers

Enhancing recovery, relaxation, and aesthetic wellness programs.

Postpartum & Lactation Centers

Supporting breast comfort, lactation care, and postpartum recovery.

Health Management & Wellness Centers

Empowering personalized women's health programs and preventive care.

Dr. J + Dr. J Master

A One-Stop Intelligent Solution for Scientific Breast Health

AI Breast Health Assessment
See What Others Can't

Validated in large-scale public health programs, our AI delivers **a scientific, objective, and non-invasive assessment**, creating a powerful tool for building client trust and guiding recommendations.

Targeted Care with Proven Technology
A Scientific Solution for Real Results

Using our clinically-verified "Ultra-Electric" technology and botanical formulas, Dr. J Master delivers **precise, effective, and comfortable care** that addresses root causes.

Smart Home Care Extension
Extend Professional Results at Home

The perfect supplement to our professional programs. This advanced home device allows clients to continue **personalized, gentle energy conditioning** to sustain and enhance their treatment results.
